CIRCULAR PF NO. 79

**(To all self-administered pension funds and insurers who underwrite pension funds)**

This office currently experiences problems with the legal position regarding trust deeds for registered pension funds.

It should be noted that where a trust deed is entered into and it exists separately from the rules of the pension fund, legally it still forms part of the rules of the fund and as such it must be registered by this office.

It is therefore requested that in respect of an application for the registration of a fund, where a trust deed is not incorporated into the rules of the fund, the trust deed should be submitted in duplicate to be registered. If a trust deed is not submitted together with an application for registration, reasons for its absence should be furnished.

Any existing pension fund which has a trust deed separate from its rules and which has not been submitted to this office, must submit the said deed for registration. Two certified copies should be submitted, one of which will be returned to the fund/insurer, duly endorsed and registered. The registration of a trust deed for any existing fund will be done at no cost to the pension fund.

Yours faithfully

**REGISTRAR OF PENSION FUNDS**
